I have a long 60 page magazine about copper and tungsten minerals and several smaller MAGAZINES to read on freedom and liberal tears

Impressive length, pede.

Have you heard of KCI's 100 page magazine? I hear it's a real page turner.

I personally like having 7, 30 page magazines on me just in case I finish with one and need to start another.

If I had a supreme sticker on my plate carrier I think you can agree I'd deserve to get shot xD

I pulled all identifying patches off of my plate carrier. Well, almost, I left the American flag. However, y   
might consider doing the same with the others, could be used to ID you if things go down. Totally your call,
